

Competition @ IEEE WCCI 2024

A Sandbox for Teaching and Learning in QCI for Pre-University and Undergraduate Students

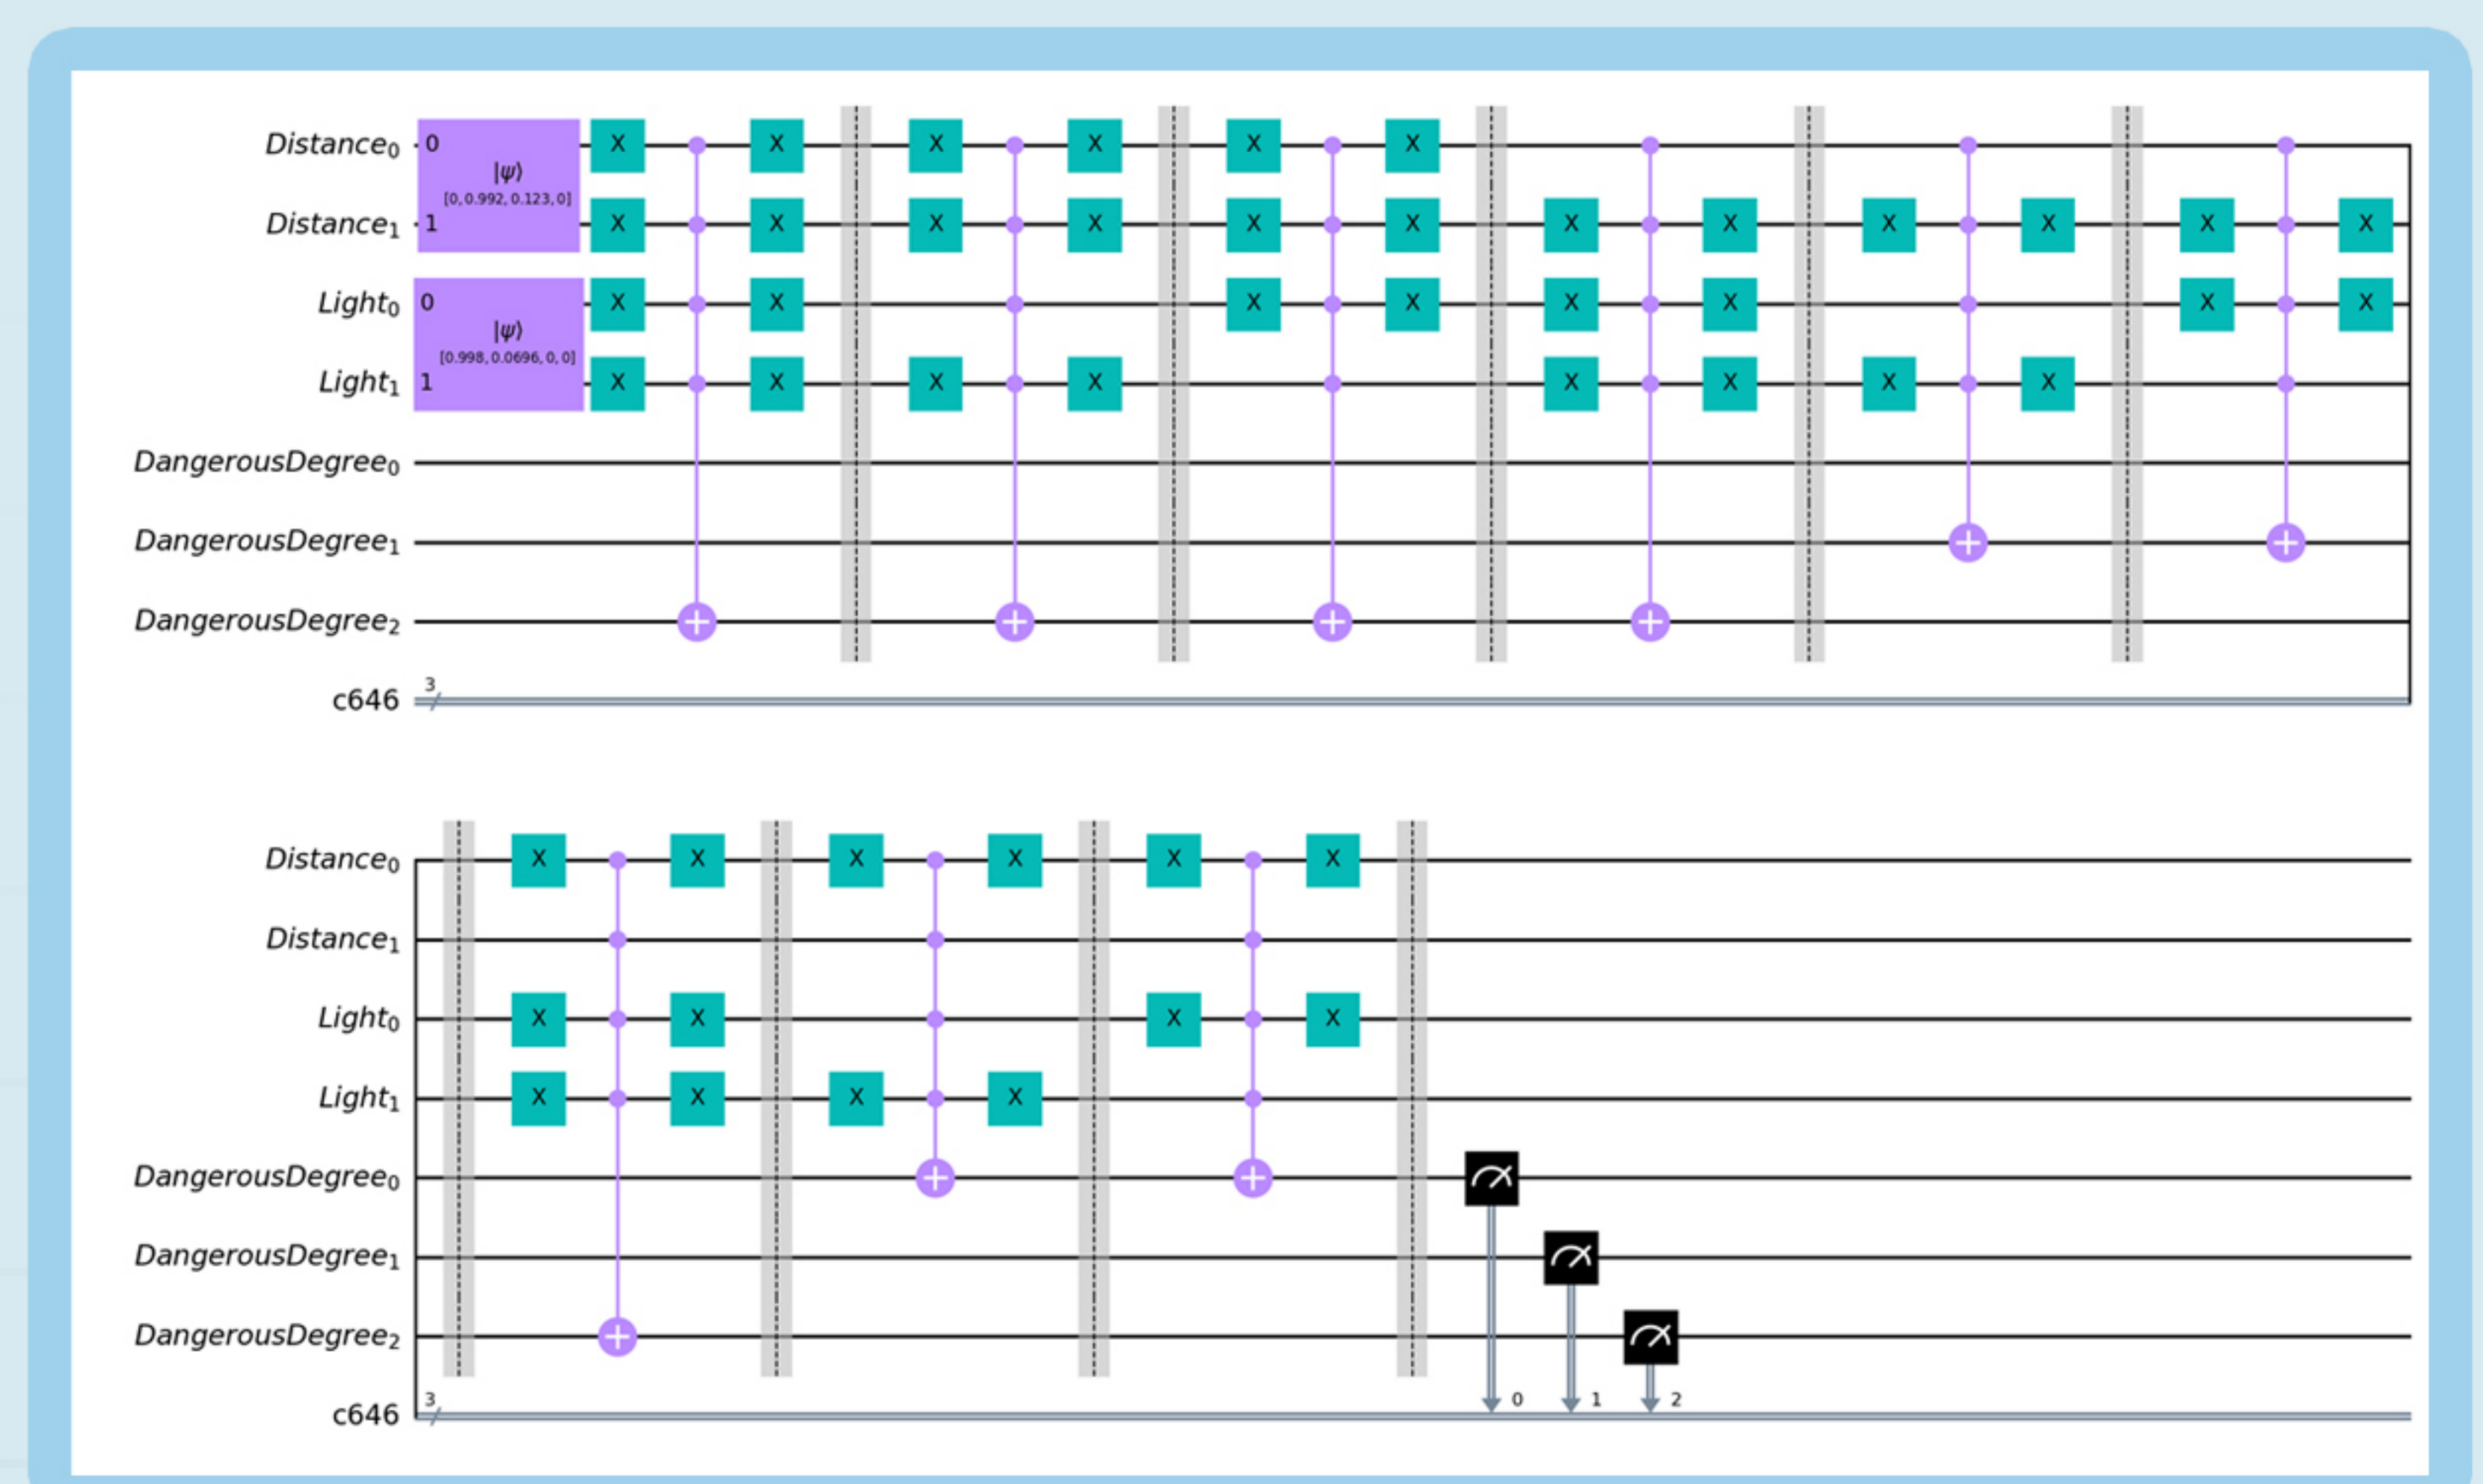

**Join us
and register today**

- Date: June 30, 2024
- Venue: Yokohama, Japan
- <https://2024.ieeewcci.org/>

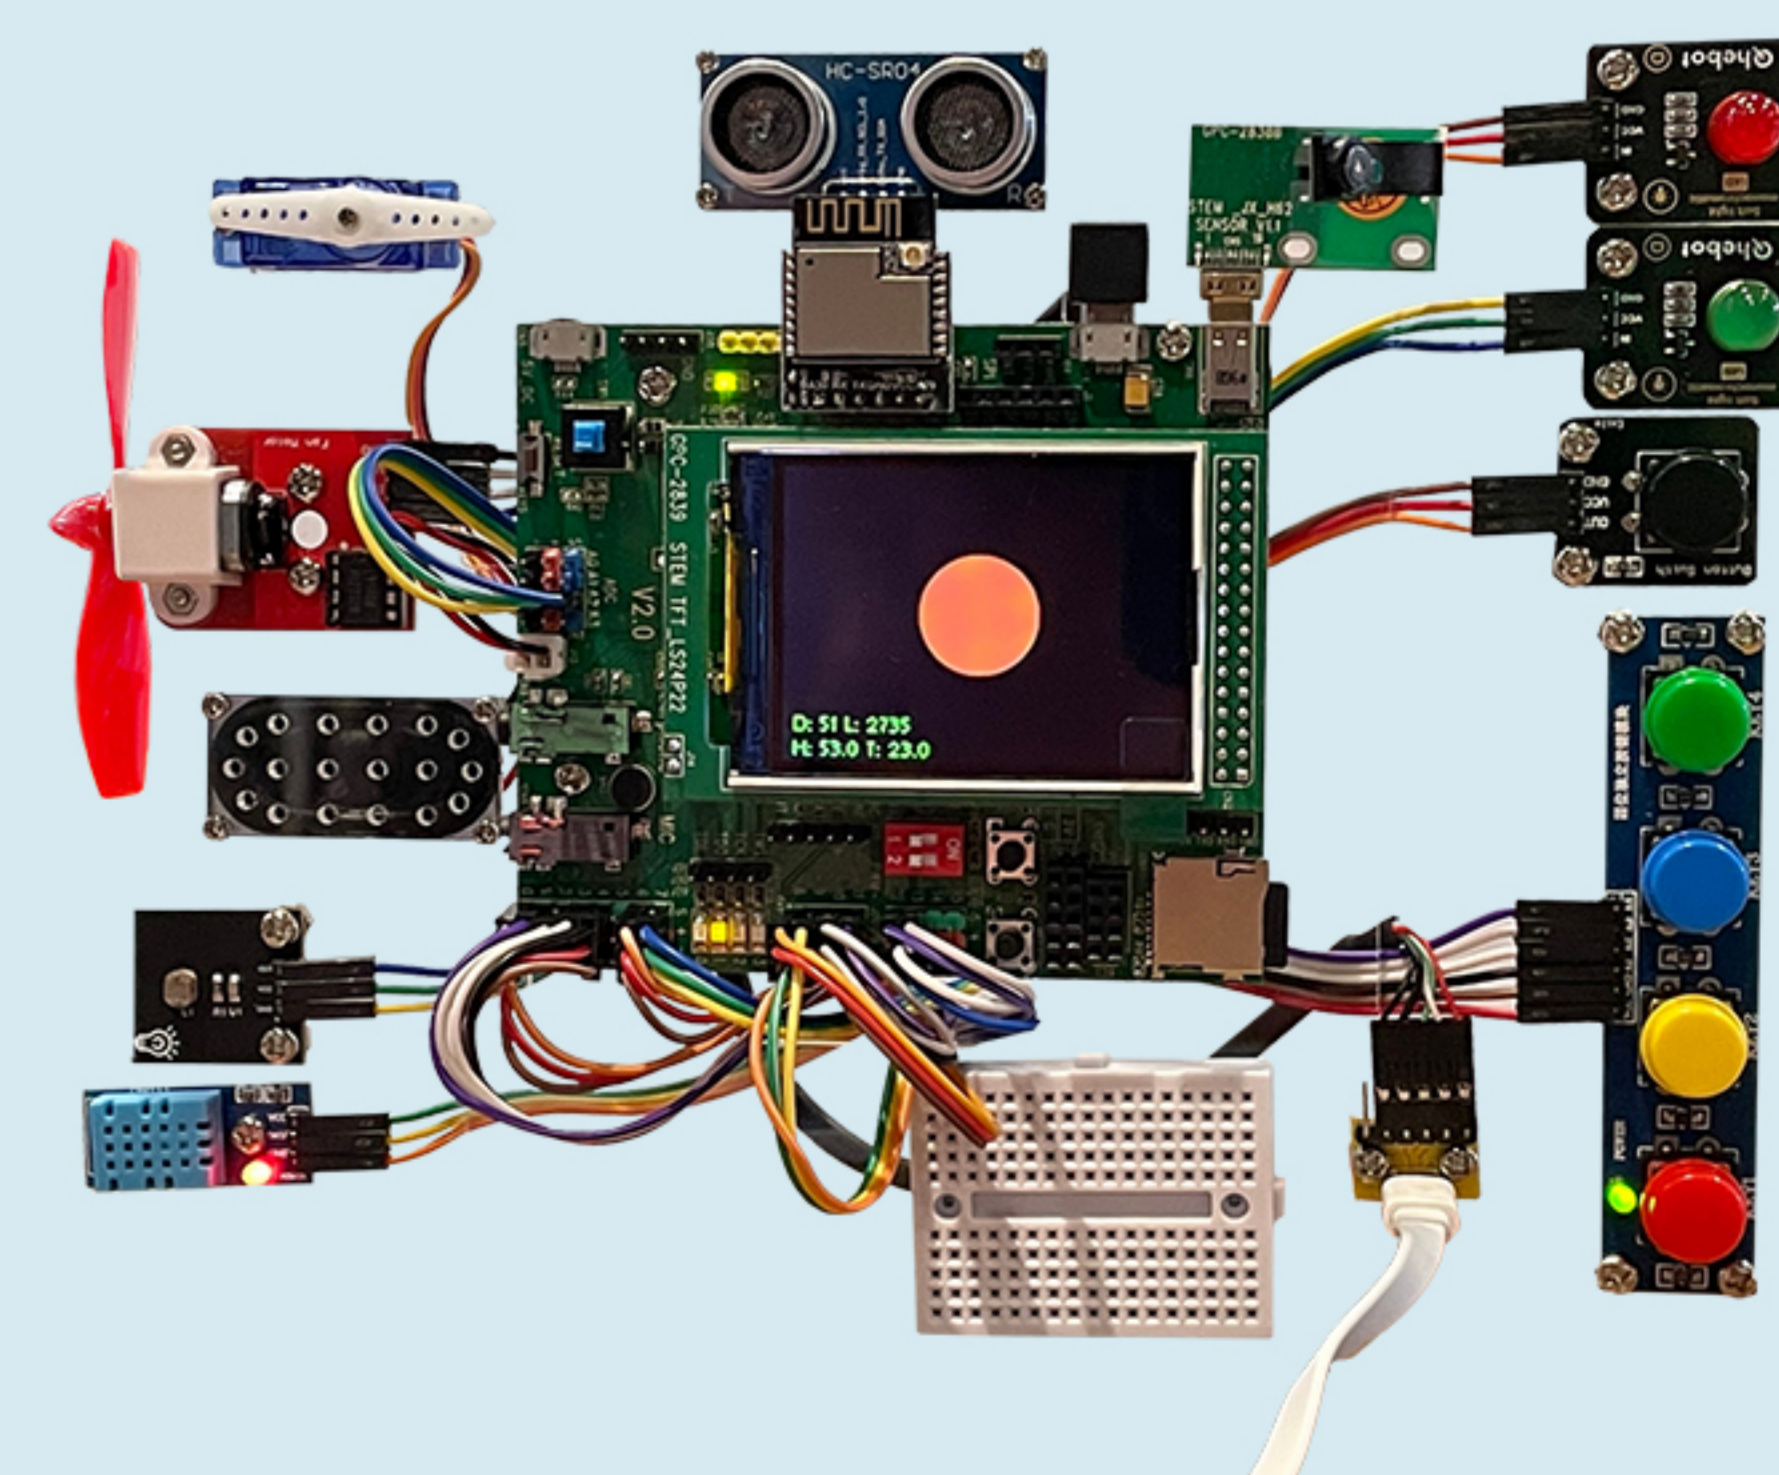

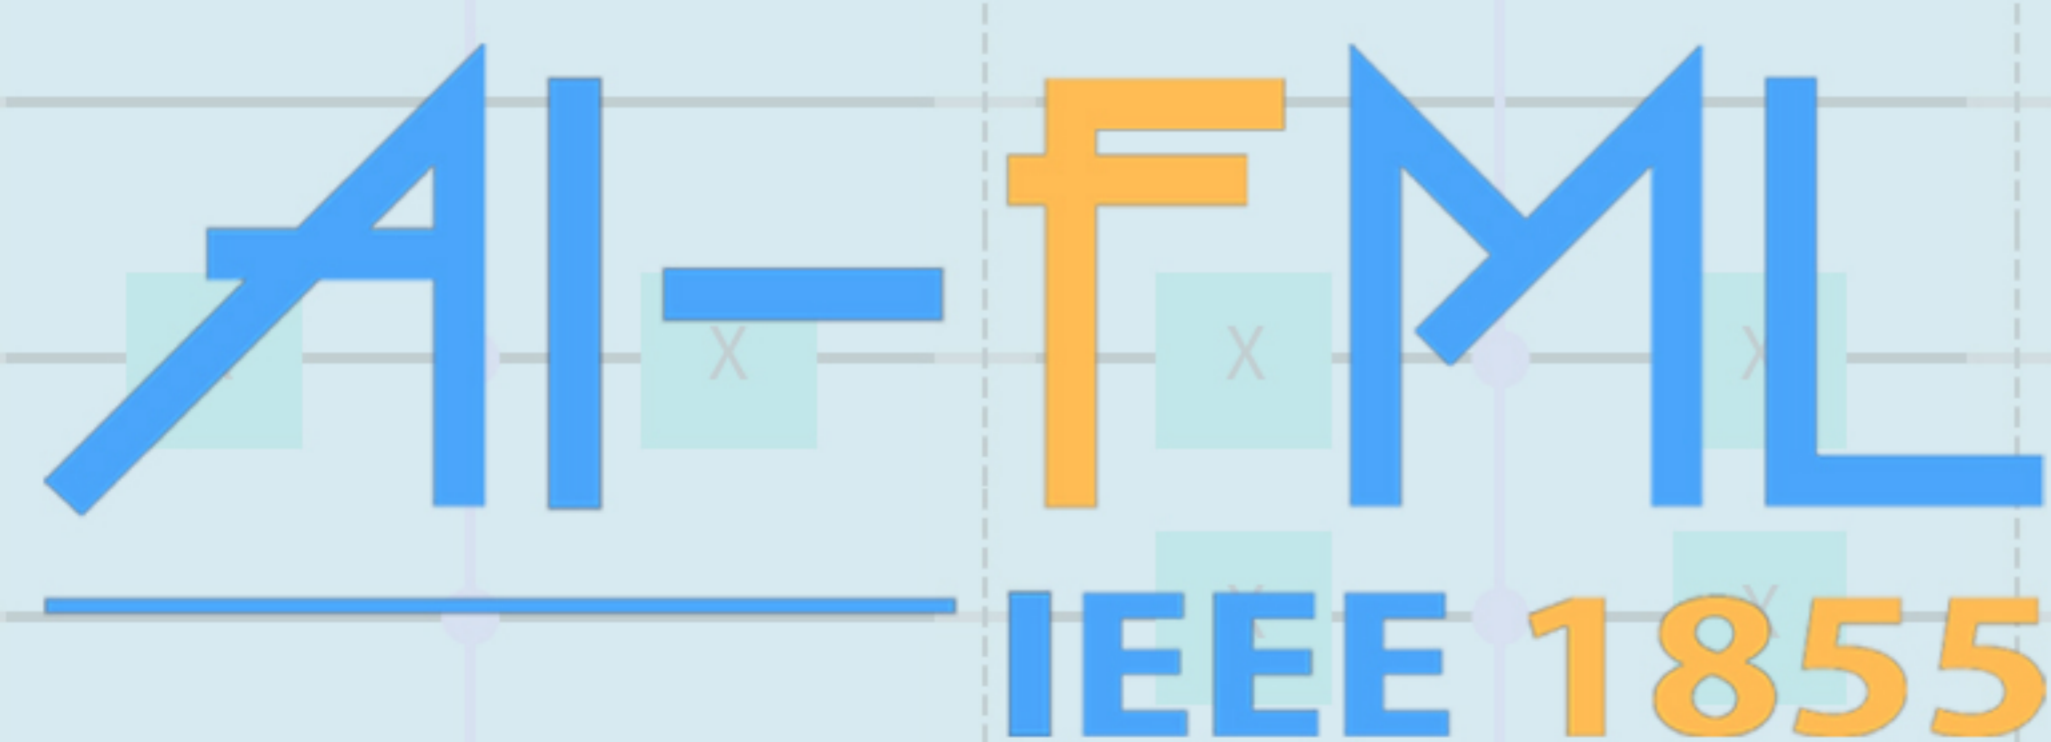

Activity Goals

- Promote STEM education for young students in IEEE CIS & IEEE R10.
- Motivate undergraduate or pre-university students globally to explore CI techniques using QCI hardware/software.
- Encourage young students and researchers to apply QCI techniques in real-world scenarios.

Registration Information

- Open to all middle/high school and undergraduate students. No prerequisites required.
- \$25 registration fee per in-person participant covering the costs of the workshop (excluding traveling and lodging).
- Welcome to join in person.
